

DISARMED

A PERSONAL STORY OF STRUGGLE & RESILIENCE

Come meet Izzy Ezagui, a decorated squad commander in the Israel Defense Forces who is the only sharpshooter in the world to lose an arm in combat and return to the battlefield. You'll hear his story of drive and determination.

Izzy will discuss his newly-released book which combines refreshing candor with self-deprecating wit. It is an inspiring memoir which will encourage you to live up to your aspirations despite seemingly impossible odds.

Presentation will be followed by a Q&A session.
